Drag Racing Returning to Long Island???

Visit [Top Gun](#) and sign the petition. Please include comments... as an Idea here are the comments that I left on the petition:

As President of The Long Island Chevelles Car Club and avid motorsports enthusiast, I would welcome a 1/4 mile track back to Long Island. A facility with a hotel would allow organizations to host shows and events on a regional and national level. Please Visit www.longislandchevelles.com

Stock Appearing Drags: The reviews are still coming in a month and a half later. They are all positive. The folks at the Factory Stock Drags are looking to do it again. More info to come at the meeting. All members please post your comments on [Team Chevelle](#) and [Stock Appearing Drags](#) message boards. Without the word of mouth promotions we would not be able to pull off events like this.

Check [LongIslandChevelles.com](#) and [MuscleCarRace.com](#) for photos and updates as well as the schedule for the next race.

October Meeting: Looking to do a Sunday Morning Brunch and Cruise...details to follow. Location near Nassau/Suffolk border.
